Henckels® Two Piece Mincing Set

This set of a cutting board with a dished center and a double bladed mincing knife will do a great job on garlic, onions, fresh herbs or nearly any food item you want to mince. A one-handed rocking motion is all that is necessary. The knife is designed with two high-carbon stainless steel blades and a stainless handle to make it dishwasher-safe and easy to use. Hand-washing is recommended for the wooden bowl. If you are doing your own cooking, this is a great asset to your kitchen counter.

Handmade Leather Belt Pouch

Most folders that you purchase today do not include a quality pouch. We have had several requests over the years for a good-looking quality leather pouch sheath to accompany the quality folders that we sell. Earlier this year, we began offering a Japanese made model with a bras peg and leather strap closure. At about the same time we were offered a more traditional pouch, this one high quality hand made. These are now in production and ready to ship. Each piece is hand sewn using high quality leather and workmanship. There are two sizes available to fit most knives you might carry. Made in the U.S.A.

5" Folder Pouch
Measures 2-1/4" x 5-7/8"
